MoU between Vishwakarma College of Arts, Commerce and Science and Bolt IoT (Inventrom Private Limited)

This Memorandum of Understanding (MoU) is made and entered into on 7th December 2021 between Vishwakarma College of Arts, Commerce and Science located at Sr.No. 3/6 VIIT Campus, Laxmi Nagar, herein after referred to as college and Bolt IoT (incorporated as Inventrom Private Limited) with CIN: U72900GA2016PTC012945 located at 79, 11th Cross Road, Binnamangala, Indiranagar, Bengaluru, Karnataka, 560038, India herein after referred to as industry training partner.

The MoU is being signed with the industry training partner to facilitate hands-on online/offline trainings and various other activities for students enrolled under Vishwakarma College of Arts, Commerce and Science to make them job-ready.

Purpose

This MoU between the college and the industry training partner will outline the collaboration to facilitate hands-on online/offline trainings for students enrolled under the college and make them job-ready.

Whereas

The college located at Sr.No. 3/6 VIIT Campus, Laxmi Nagar, facilitates technical education to students in its institution. The institution has taken a number of steps to promote quality technical education and has made a mark in certain areas that

contribute to promoting quality education in the present global competitive environment.

Whereas

The industry training partner provides an IoT and ML platform used by various enterprises and manufacturing companies for monitoring various parameters. It has users across 62 different countries with more than 40,000 units of the hardware modules shipped. They also provide various online trainings to help students to get started with building hands-on projects.

As a part of this MoU, both parties hereto agree to the following respectively:

Industry Training Partner:

1. With the help of a designated faculty member of the college get all the students under the college to enrol for the industry training partner's Placement Preparation Training. This training will be offered without any fee.

2. The industry training partner will make all the necessary resources (internship opportunities, placement guidance, resume writing, and interview tips) available to all the students registered through this partnership.

Ph: 8881197198 E-mail: support@boltiot.com, Website: www.boltiot.com

3. Will conduct free online/offline live sessions for students to help them bag better job opportunities and get hands-on training.
4. Will create success stories of students landing jobs upon training completion and circulate these stories among other students through offline (newspapers) and online (videos/blog posts on social media).
5. There are no commercials involved between the Industry Training Partner and the college as a part of this MoU.

Vishwakarma College of Arts, Commerce and Science:

1. Will recognize the industry training partner in all internal and external communication to the institutions and general public, including official press releases.

2. Provide the information of all the students of the college as required by industry training partner for their registration.
3. Will support media coverage to build awareness about internships among students by issuing press releases, success stories of students, internship trends, and surveys from time to time.

In witness whereof, the parties hereto have caused this MoU, executed by their representatives in duplicate, each party retaining one (1) copy respectively.

Term and Termination:

This agreement will be operational and valid from 7th December 2021. Upon completion of 3 years, the agreement can be renewed with the mutual consent of both parties.

BOLT

MoU between Vishwakarma College of Arts, Commerce and Science and Bolt IoT (Inventrom Private Limited)

This Memorandum of Understanding (MoU) is made and entered into on 7th December 2021 between Vishwakarma College of Arts, Commerce and Science located at Sr.No. 3/6 VIIT Campus, Laxmi Nagar, herein after referred to as college and Bolt IoT (incorporated as Inventrom Private Limited) with CIN: U72900GA2016PTC012945 located at 79, 11th Cross Road, Binnamangala, Indiranagar, Bengaluru, Karnataka, 560038, India herein after referred to as industry training partner.

The MoU is being signed with the industry training partner to facilitate hands-on online/offline trainings and various other activities for students enrolled under Vishwakarma College of Arts, Commerce and Science to make them job-ready.

Purpose

This MoU between the college and the industry training partner will outline the collaboration to facilitate hands-on online/offline trainings for students enrolled under the college and make them job-ready.

Whereas

The college located at Sr.No. 3/6 VIIT Campus, Laxmi Nagar, facilitates technical education to students in its institution. The institution has taken a number of steps to promote quality technical education and has made a mark in certain areas that

contribute to promoting quality education in the present global competitive environment.

Whereas

The industry training partner provides an IoT and ML platform used by various enterprises and manufacturing companies for monitoring various parameters. It has users across 62 different countries with more than 40,000 units of the hardware modules shipped. They also provide various online trainings to help students to get started with building hands-on projects.

As a part of this MoU, both parties hereto agree to the following respectively:

Industry Training Partner:

1. With the help of a designated faculty member of the college get all the students under the college to enrol for the industry training partner's Placement Preparation Training. This training will be offered without any fee.

2. The industry training partner will make all the necessary resources (internship opportunities, placement guidance, resume writing, and interview tips) available to all the students registered through this partnership.

3. Will conduct free online/offline live sessions for students to help them bag better job opportunities and get hands-on training.
4. Will create success stories of students landing jobs upon training completion and circulate these stories among other students through offline (newspapers) and online (videos/blog posts on social media).
5. There are no commercials involved between the Industry Training Partner and the college as a part of this MoU.

Vishwakarma College of Arts, Commerce and Science:

1. Will recognize the industry training partner in all internal and external communication to the institutions and general public, including official press releases.

2. Provide the information of all the students of the college as required by industry training partner for their registration.
3. Will support media coverage to build awareness about internships among students by issuing press releases, success stories of students, internship trends, and surveys from time to time.

In witness whereof, the parties hereto have caused this MoU, executed by their representatives in duplicate, each party retaining one (1) copy respectively.

Term and Termination:

This agreement will be operational and valid from 7th December 2021. Upon completion of 3 years, the agreement can be renewed with the mutual consent of both parties.

Dear Prof. Vaishali Kale,

Greetings of the day. Previously, we invited your students to Bolt's Scholarship Program. We are overwhelmed with the number of students who answered our scholarship test. We appreciate your effort in the welfare of the students.

Based on our positive experience with Vishwakarma College of Arts, Commerce and Science, we are now inviting your students to participate in the fifth iteration of Bolt's Innovation Challenge.

As part of this challenge, we select a few students from some of the prestigious colleges of India, such as Vishwakarma College of Arts, Commerce and Science and train them on the concepts of the IoT and ML which is followed by a project competition between them to choose the most innovative students from India.

The competition will be judged by some of the industry experts who have worked at organizations like Amazon, Larsen & Toubro Infotech, etc. The competition will be an excellent opportunity for students to showcase their talent and skills at an All-India level.

To participate, the students will have to answer the scholarship test below:

- **Internet of Things and Machine Learning Scholarship: https://info.boltiot.com/iotmlscholarship**

What are the prizes for the students?

- 1st Place: Cash prize of Rs. 30,000/-
- 2nd Place: Cash prize of Rs. 20,000/-
- 3rd Place: Cash prize of Rs.10,000/-
- Consolation prizes: 2 Amazon Echo Dots

What are the steps for Bolt's Innovation Challenge?

Step 1: Students will have to **answer a scholarship test and qualify** for the same by scoring at least 70% marks. This is a short test and will not take more than 10 minutes for the students. This ensures that they can answer it without spending much time if they have exams ongoing.

The selected students will be eligible to join Bolt's IoT and ML Training for FREE. We charge a small fee for the kit to cover our costs and to ensure that only interested students join the program.

To answer the scholarship, students have to visit the following link:

- **Internet of Things and Machine Learning Training Scholarship Link: https://info.boltiot.com/iotmlscholarship**

Step 2: Our team of developers will train the students on the concepts of the training. Upon completion of the training, each student will be issued a certificate which can be submitted to the college/university as per the

university rules.

Step 3: The students have to build an innovative project in the area of IoT and ML by applying the learnings of the training.

Step 4: The winners will be judged by engineers who have worked at prestigious organizations like Amazon, Larsen & Toubro Infotech, etc.

Why should students participate?

- **Internship opportunities:** Upon training completion, students are also eligible for internship opportunities.
- **Certification:** Upon completion of the training, the students will be issued a certificate that can be submitted to the college/university as per the university rules.
- **Opportunity to build hands-on projects:** As a part of the training, students will complete multiple hands-on projects, that also involves an industrial project.
- **Support to resolve queries throughout the training:** In case the students are stuck at any point, we offer support via forum, email and if required, also via phone call and screen share.

Other critical points:

- **The option of full refund:** In case the students are not happy with the training or kit offered to them, then they can get a full refund as per the refund policy. This ensures that there is no risk for students or the faculty involved in the process.
- **Lifetime access:** Students can register now and start the training after the exams or at any other time.

Deadline to register:

- The **last date to avail of the scholarship and register for the Innovation Challenge is Thursday, 24th of February 2022.** Keeping this in mind, please inform your students about the scholarship and competition at the earliest.

Next action for faculty
We request you to forward the details of this opportunity to your students at the earliest. You may share it with them via Email, Notice Board, WhatsApp, and other channels as well.

You can share the link directly on **WhatsApp** from here: https://info.boltiot.com/iotmlinnovationshare

We look forward to training the students of 'Vishwakarma College of Arts, Commerce and Science' on the concepts of the training as well as their participation in the competition. In case of any queries, please reply to this email or call us on (+91)8881197198 and dial 4 to connect to me. I will be happy to answer any questions that you may have.
