Feedback :

I am really grateful to Vishwakarma college of arts, commerce science for providing me with the incredible opportunity to conduct research under guidance of sanket Lodha and Chitnis sir. Their mentorship has been invaluable to my academic journey.

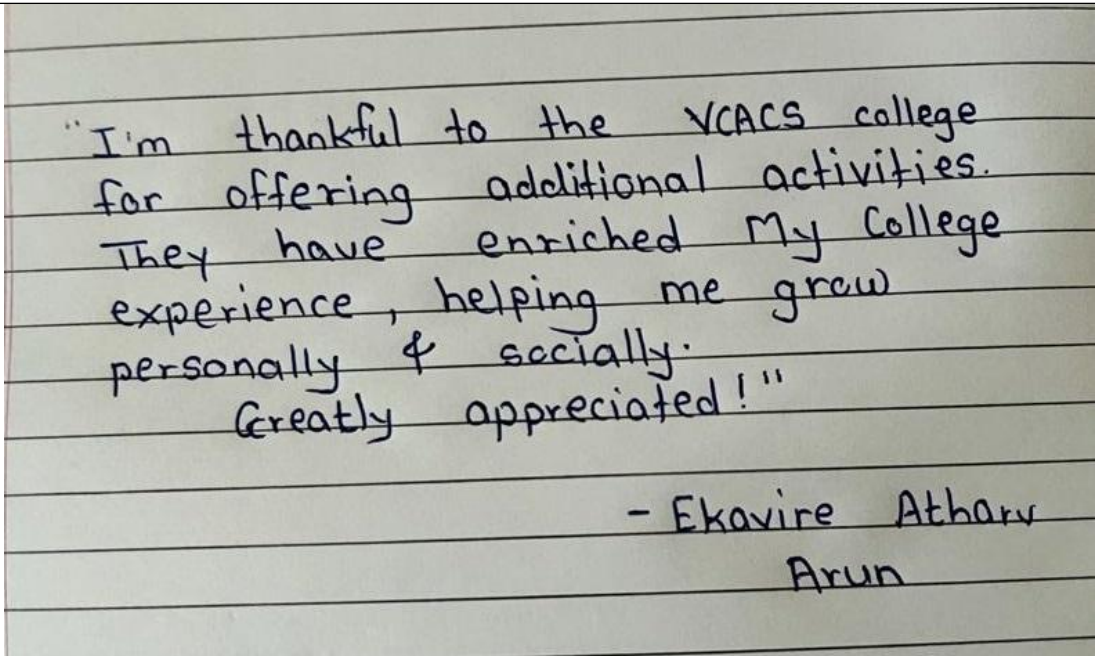

I also appreciate college's support and encouragement for initiatives like Google developer Students Club. It's been a fantastic platform for us to explore and learn about the latest developments in technology.

Participating in college activity like Vishwanirvaha Vishacarnial promoting several initiatives has been memorable. It is wonderful to see such talent and creativity and learn together.

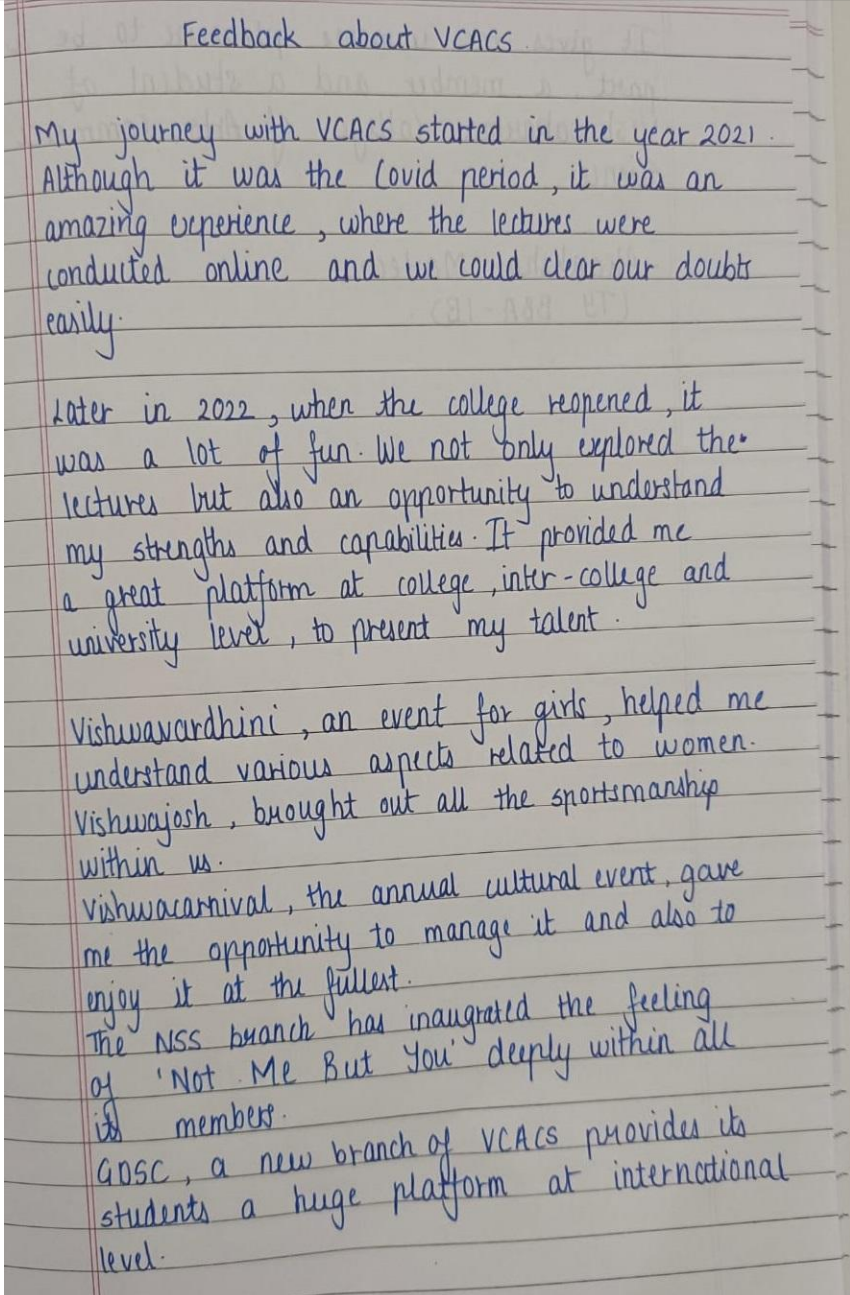

College's commitment to service through NSS and the teachings of Jay sir has had a profound impact on me. It has instilled important values and taught me valuable life lessons that I will carry with me throughout my career and life.

VCACS has truly enriched my academic journey, and I'm thankful for all opportunity

Feedback :	 <p>Feedback about VCACS</p> <p>My journey with VCACS started in the year 2021. Although it was the Covid period, it was an amazing experience, where the lectures were conducted online and we could clear our doubts easily.</p> <p>Later in 2022, when the college reopened, it was a lot of fun. We not only explored the lectures but also an opportunity to understand my strengths and capabilities. It provided me a great platform at college, inter-college and university level, to present my talent.</p> <p>Vishwawardhini, an event for girls, helped me understand various aspects related to women. Vishwajosh, brought out all the sportsmanship within us.</p> <p>Vishwacarnival, the annual cultural event, gave me the opportunity to manage it and also to enjoy it at the fullest.</p> <p>The NSS branch has inaugurated the feeling of 'Not Me But You' deeply within all its members.</p> <p>GDSC, a new branch of VCACS provides its students a huge platform at international level.</p>

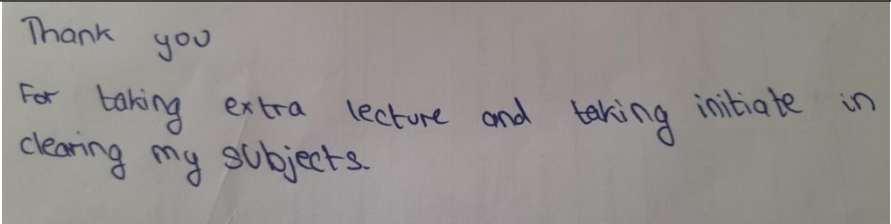

It gives me immense pleasure to be a part, a member and a student of Vishwakarma College of Arts, Commerce and Science.
