The Guest Speaker has started the webinar with an introduction on Ayurveda including 5 elements of human body and Tridoshas – Vata, Pitta, Kapha. She also explained elements of Tridoshas and how these Tridoshas helps to determine an individual constitution (Prakruti) and their contribution to disease process (Vikruti).

Honourable Speaker continued with explaining Human Pulse characteristics according to Tridoshas and importance of Pulse examination for disease diagnosis (Nadi Pariksha). According to Tridoshas there are

3 basic Gatis of Nadis as a human pulse is pressure wave. Its movement is different for different Doshas. And analysis of these 3 Doshas was shown using Lab- View Programming.

Further she gave details of different types of commercially available sensors used for pulse examination like MLT 101 and PZT pellet. The Session was more interesting as she started explaining the comparative study of Sensors, their fabrication process, signal processing circuit and its operation.

There is certainly no doubt that innumerable seminars, events, talks and workshops are organised in various colleges on a regular basis and Our College always motivates students to attend informative sessions like this. These sessions provide education not from the books, but through practical examples and real life experiences. Eminent personalities and reputed organisations who conduct these sessions help the students to gain an insight of the outside world at an early age so that they have an idea of what the competitive world has in store for them when they step out of their comfort zone.

The students attended this session have given a good feedback. They found this session very informative and gained detail knowledge of Pulse examination and use of Electronics in it.

The Department of Commerce and Science arranged a Webinar on the topic of "Entrepreneurship Development and Innovation" on 17th January 2022. The session started with welcoming Guest of Honour Prof. Abhimanyu Pati from Asst. Prof. Madhura Thite. The program went after by a speech of Dr. Sheetal Mantri, HOD of Commerce Department. In her speech she mentioned the need for Entrepreneurship in today's world. Dr. Sudhir Chitnis, HOD of Science Department also shared his views later on regarding why there is a need to inculcate the Entrepreneurship in college going students.

Having Pati sir as a Resource Person was a kind of great thing for VCACS College. As per his work profile, he shared the valuable knowledge with our commerce and Science students. During his dialogues with the students, he explained the detailed meaning of the term 'Entrepreneurship' and how it can prove helpful for the betterment of society. Furthermore he also explained the kind of traits necessary to be developed for being an entrepreneur as Passion, Leadership Skills, Communication Skills, Persuasion Skills, etc. He moreover laid emphasis on why Innovation is necessary in the field of Entrepreneurship. That is to mention, the pandemic has regrettably led to the financial downturn and it will take time to stabilize the things. Consequently, an Entrepreneur must come with new ideas so as to compete well in the market along with certain up gradation.

The session ended with Q & A in which the queries of students were cleared very promptly by the sir. Vote of thanks was delivered by Asst. Prof. Sarika Ghorpade, faculty member of Commerce Department.

Students Benefitted: 96
