<p style="text-align:center">**Report on**</p>

<p style="text-align:center">**Faculty Development Program on "USE OF VOLP SOFTWARE SYSTEM FOR ONLINE LECTURES AND WEBINARS"**</p>

Date: 29th June 2020.

Platform: Google meet.

BRACT's, Vishwakarma College of Arts, Commerce and Science, Pune, Management authorities conducted a Webinar on "**USE OF VOLP SOFTWARE SYSTEM FOR ONLINE LECTURES AND WEBINARS**" as a Faculty Development Program on 29th June 2020 at 11.00 AM.

VOLP is **Vishwakarma Online Learning Platform** specially designed for Vishwakarma group, for taking online lectures and webinars.

Expert Faculty: Mr. Deepak Pawar, Mr. Nilesh Patel.

Objective of FDP:

- All the faculties should be aware of VOIL platforms for taking online lectures.
- All the faculties should be able to handle their personal forum for adding syllabus content, add and access teaching material, preparing online questions for exam and assessment and conduct online classroom for teaching.
- Faculties should be aware of teacher as well as student side forum so that they can guide the students for using the software.

Outcome of the Webinar:

Mr. Deepak Pawar, Mr. Nilesh Patel has explained the complete information about the VOLP software system from both faculty as well as student side forum very nicely, so that all the faculties can operate their personal forum easily and conduct their online lectures.

Following points were highlighted in webinar

- All the procedure from login in VOLP classroom, creating and changing password, updating personal profile were explained, so till the end of the session all faculties are able to create their own profile.

- All the faculties are able to create their subject information like subject name, adding its chapters and contents, creating online classroom for lectures, creating time table.

- Faculty also able to generate online announcement and notices for giving information to the students.

- The procedure for conducting online quiz, online assessment and online exam was explained so that faculties can conduct online examination easily. Exam includes questions like MCQs, Subjective/ Project Assignment, Hands on/ Programming Assignment, fill in the blanks, match the pair questions are there. And students can see their results immediately after the exam.

- Faculties are also able to understand student side forum, so that they can help students if they are facing any type of problem while using the software for attending the lectures, submitting the assessment or giving the exam.

- Students can give review/ rating to any subject as a feedback on scale of 5. Students can give remark also.

The FDP was very helpful and effective for all science and commerce faculties as well as to authorities also. All the information about the VOIL software for conducting online lectures, taking multiple online exams, assessment, and remark from students all are very beneficial for all the faculties.

Faculties benefited – All Science and Commerce Department.
